Bauer presents innovation magazine ProFound

Schrobenhausen, Germany – Whether digitalization of the construction site, sustainable groundwater treatment or smart irrigation: The companies of the BAUER Group are working on numerous exciting and, above all, innovative topics that provide solutions not only for today's challenges, but also for future ones. You can read about these topics in our new innovation magazine ProFound, which you can find or download on our homepage at profound.bauer.de.

We hope you enjoy reading. Please feel free to contact us if you have any questions pertaining to innovation.

About BAUER Spezialtiefbau Group

BAUER Spezialtiefbau GmbH, the original parent company of the BAUER Group, has been a major driving force in the development of specialist foundation engineering. It carries out all of the customary processes of foundation engineering, primarily for excavation pits, foundations, cut-off walls and ground improvements on a worldwide basis. In doing so, BAUER Spezialtiefbau GmbH works closely together with their over 50 subsidiaries and branches across the globe. Regional networks around the world allow for the quick and flexible application of machines, teams and expertise. Bauer Spezialtiefbau offers their customers individual, creative and economical specialist foundation engineering solutions for demanding construction projects, from planning through to execution.
